Club Development & Training Programme

September - December 2018

WWW.ARCHERYGB.ORG

Introduction

Archers, coaches and club officials of all levels are hungry to receive information in helping them learn and advance the sport.

This Club Development & Training Programme builds on the success of our previous events and should allow delegates to share their knowledge and experience. It will explore ways in which those involved in the sport can help grow the sport at all levels.

Progression of archers through our sport is a key priority for Archery GB, all archers want to experience achievement, enjoyment and a sense of progress in their personal development.

Previous surveys have highlighted skills development and progression issues as important reasons for leaving, including a lack of progressing their ability in the sport and the availability of coaching.

These coaching workshops and seminars presented here will support the aim of retaining archers in our sport for longer.

Who should attend?

Most of the workshops are open to all members. Some are tailored to specific role holders such as coaches or club officials, or only open to **ontarget** clubs.

The next pages describe each event in further detail and how to book your place.

If your club wishes to host any workshops or events then please contact us, we are always willing to host sessions in other locations, or please let us know if there are additional subject areas you would be interested in learning more about?

Call us on 01952 602795 or email sport@archerygb.org and one of the team will be able to help.

How to book

Most of the workshops and seminars are bookable through Sport80 – the link and further details are at the back of the document. Please contact us if you have any issues or questions.

ontarget Specialisms - Introduction			
Date	Time	Venue	Cost
Tuesday 4 September	7pm-8pm	Online	FREE
Description and Learning Outcomes	<p>This online presentation will explore the 3 <i>ontarget</i> specialisms and provide information to club officials on how the specialisms recognise and reward clubs that are already working hard in, or want to develop, specific areas of the sport.</p> <p>All <i>ontarget</i> clubs are invited to consider gaining one or more specialism. They need to think about what activities they provide, compare them to the characteristics, think about how they meet the requirements, and how they can do even more.</p> <ul style="list-style-type: none"> • Want to get more people involved in our wonderfully inclusive, social, family-friendly sport? Then consider achieving the 'Community' club specialism. • If archery is to grow, we need to get young people of all abilities involved. Clubs already play a vital role in that, but if your club wants to develop that further, it's worth considering achieving the 'Young People' club specialism. • A 'Performance' club is not just about archers. It is about coaches, judges, volunteers and club officials too. A performance club understands the need to help them all develop by creating opportunities to train, build on skills, achieve their potential and satisfy goals. <p>To book click this link or copy into your browser: https://www.surveymonkey.co.uk/r/AGBwebinar</p>
